EDUCATION

Vignan's Lara Institute of Technology & Sciences   Vadlamudi, Guntur, AP
B.Tech in Computer Science & Engineering – CGPA: 9.50   *2024 – 2028*

EXPERIENCE

Infosys Springboard   Remote
Python Stack Development Intern   *Dec 2025 – Present*
- Selected among top candidates for Infosys Springboard Internship 6.0. Developed Python-based applications and completed real-world project assignments.

ShadowFox   Remote
Web Development Intern   *Nov 2025 – Dec 2025*
- Developed web applications through structured task-based learning using HTML, CSS, and JavaScript.
- Strengthened problem-solving and debugging skills by completing beginner to advanced level assignments.

Prodigy InfoTech   Remote
Web Development Intern   *Oct 2025 – Nov 2025*
- Gained hands-on experience in front-end development using HTML, CSS, and JavaScript.
- Built interactive and responsive web applications as part of internship tasks.

PROJECTS

InsureCompare | *React.js, FastAPI, PostgreSQL, Python, JWT Authentication*
- Built a full-stack insurance policy comparison and recommendation platform based on age, risk profile, budget, and preferences.
- Designed a rule-based scoring system using weighted factors such as premium affordability, coverage, and health risk.
- Implemented REST APIs using FastAPI with PostgreSQL integration; secured with JWT-based authentication and role-based access control.

Tic-Tac-Toe Web Game | *HTML, CSS, JavaScript*
- Developed a Tic-Tac-Toe web game with dynamic UI updates and complete game logic implementation.

Stopwatch Web App | *HTML, CSS, JavaScript*
- Built a responsive stopwatch application with real-time tracking and DOM-based UI updates.

SKILLS
